

REACH Compliance Declaration

We hereby certify that the products manufactured or supplied by LUX-IDent s.r.o. are fully comply with the related requirements of European Union Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)

The aim of the REACH regulation is to ensure a high level of protection of human health and the environment from chemical substances. Pursuant to Article 33(1) of the REACH regulation, suppliers of articles containing SVHCs on the candidate list in concentrations above 0.1% weight by weight (w/w) must provide their customers with sufficient information to ensure the safe use of the articles.

LUX-IDent s.r.o. is an independent company developing, producing and marketing transponders based on Radio Frequency Identification Technology (RFID). The products we supply are solely non-chemical products (goods). Moreover under normal and reasonably foreseeable circumstances of application, the products (goods) shall not release any substance.

Based on information obtained from our suppliers the products supplied by LUX-IDent s.r.o. do not contain any Substances of Very High Concern (SVHC) in concentrations above 0.1% w/w, in accordance with the SVHC Candidate List published by the European Chemicals Agency (ECHA) (the list of ECHA Candidates (SVHC) last update 21.1.2025).

As REACH regulation is updated frequently, for the major changes, such as the addition of SVHC substances into Annex XIV, the addition of restricted substances in Annex XVII, LUX-IDent s.r.o. will evaluate the further revisions in time and update this declaration to reflect these changes.
